Shall These Boys Be Americans Or Foreigners?

Mother Is Baroness; Father Wants Boys Brought Back to America.

New York, N. Y., May 6.—America or Germany—which is to be the fatherland of Converse Morrell, nine years old, and George Peabody Morrell, eight, the two little sons of Walter C. Morrell, of New York, and his wife, now the baroness von Romberg, of Wiesbaden, Germany? To settle this question a legal battle is being waged in the courts of Connecticut and will be carried before the supreme court of the state. The children are now in the custody of their mother, the baroness, and she is bitterly fighting the efforts of their father to gain possession of them, even for the six weeks a year allowed by the divorce decree.

Their happiness and their future

welfare demand that they shall remain with me," she maintains, while her husband says that life in Germany will rob the boys of their "robust American manhood" and demands that they shall have the right to grow up as citizens of the United States, the land of their birth.

In support of the statements of the baroness von Romberg photographs have been introduced in evidence to be laid before the supreme court. They consist of snapshots of the baron and baroness von Romberg and the two children, forwarded by J. B. Brewer, the American consular agent at Berlin. They show the home of the von Rombergs, the two boys in various affectionate poses with their mother and stepfather and other interesting views. The object of these photographs is to prove that the children are happiest with their mother and that they are very fond of their adopted father.

Federal Judge Goes Broke At Monte Carlo

Declares He Wasn't Playing the Games; Merely Lost Letter of Credit.

New York, N. Y., May 6.—Judge Peter S. Grosscup, presiding jurist of

to Europe and Egypt. He said he was refreshed and ready to take up his duties at once, the court having been in session for several days. Judge Grosscup, who was a passenger on board the Carmania, of the Cunard line, stood good naturedly the chaffing of many of his fellow voyagers because he had "gone broke" in Monte Carlo. To a reporter he said that it was not because of gambling the goddess of chance there, but because he sent away his letter of credit with him to a laundry.

"I did not suffer any pecuniary loss," said Judge Grosscup, "but it was exasperating because I had to cable to my banker here for another letter and it was rather short of funds until the answer came. I suppose that I shall have to stand the annoyance of hearing the story repeated for some time to come."

THE WEATHER.

Forecast.

For El Paso and Vicinity: Tonight fair and cooler; Saturday fair.

For New Mexico: Fair tonight and Saturday.

For West Texas: Tonight fair, colder; Saturday fair; colder in southeast portion.

River at El Paso: Height of surface this morning above fixed zero mark, 15.6 feet.

feet, and was so badly crippled that I

unable to perform any work for two months. I consulted two doctors, who failed to help me. One day a friend

handed me a booklet describing the Cooper remedies, and I read it through. I was greatly impressed with Cooper's theory that the stomach is responsible for a majority of ailments, rheumatism included. He claimed that stomach weakness, bad digestion and poor appetite impoverished the system and made it an easy prey to diseases of all kinds, and that if the stomach was restored to normal condition of health and strength, bodily ills would disappear.

"Next day I sent for a treatment of Cooper's New Discovery, and began taking it. The rapid manner in which it corrected my trouble was a revelation to me, and beat anything I ever heard of. In two weeks' time I was feeling so good that I returned to work and have lost no time since on account of illness. The rheumatism finally left me entirely, and my general health is decidedly better than it has been in years."

Rheumatism is a result of impure blood, the primary cause of which is a bad stomach. Cooper's New Discovery corrects the stomach and drives disease from the system. We are agents for the Cooper medicines in this community. —Kelly & Pollard.

A statement of more than usual interest has been made by P. N. Robles, living on rural route No. 3, Floresville, Texas, regarding his recovery from rheumatism, in which he says:

"I suffered with rheumatism in both

HYOMEI CURES CATARRH

OR NOT A CENT TO PAY

Cure it now—start today—cure it without pouring into your stomach a vile and unpalatable nostrum. Hyomei (pronounced High-o-mei) cures catarrh in nose or throat and does it by such a simple and pleasant method that thousands who have been cured are glad to recommend it.

Just breathe Hyomei—and its soothing, medicated and antiseptic properties will come in direct contact with the inflamed parts, stop the discharge, drive out the coarseness and heal the membrane.

Hyomei is made of Eucalyptus combined with other antiseptics; breathed through the inhaler it destroys the persistent catarrh germ.

A complete Hyomei outfit, including inhaler, bot-

tle of Hyomei and simple instructions for use only costs \$1.00. Single bottle of Hyomei costs but 50 cents at druggists everywhere and at Kelly & Pollard's. It is guaranteed to cure catarrh, coughs, colds, sore throat or asthma, or money back. Mail orders filled, charges prepaid, by Booth's Hyomei Co., Buffalo, N. Y.

Many catarrh sufferers use Hyomei this way for instant relief when head is stuffed up and breathing difficult: Into a bowl half full of boiling water cover bowl and head with towel and breathe the healing vapor that arises. It gives wonderful relief and many who have stubborn cases of catarrh use this method once every night, using the pocket inhaler through the day.

Henry Lena, New Orleans, La., says: "Hyomei cured my sister after the doctor diagnosed her case as tuberculosis."
